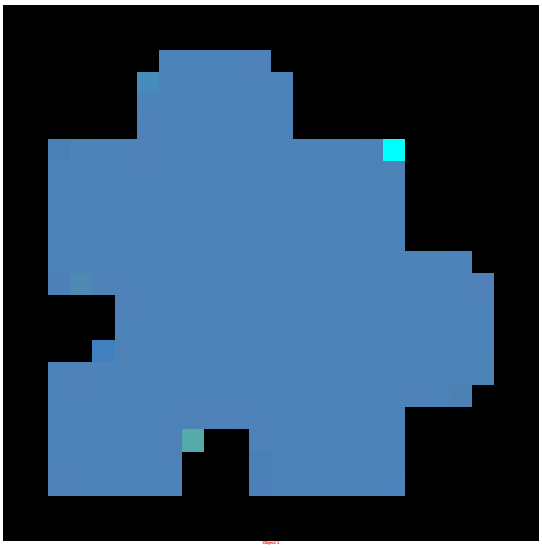
PITTSBURGH SYNAGOGUE 'FALSE FLAG'



...

Military helicopters over Pittsburgh, August 2018.

In August 2018, in Pittsburgh and neighboring suburbs, there were military exercises that included low-flying helicopters and ground operations.

Pittsburgh Mayor Bill Peduto said he worked with Department of Defense officials, Public Safety Director Wendell Hissrich and police Chief Scott Schubert.

'Our public safety director, our chief of police and a number of public safety officials have been working directly with the Department of Defense for the past several months...' Peduto said.

Peduto said the exercises include all military branches and city police, who are being trained in 'all sorts of stuff.' SWAT officers are involved.

Bowers

Here are 7 things that are very strange about this shooting:

The curious case of Pittsburgh synagogue shooter Robert G. Bowers ...
(1) There is no arrest of a 46-year-old male or of anyone in the Squirrel Hill neighborhood in the Pittsburgh Bureau of Police's Incident Blotter for Saturday, October 27, 2018.

See for yourself here. The Incident Blotter for Sunday, October 28, 2018, has no arrests in the Squirrel Hill neighborhood.

(2) Pittsburgh is in Allegheny County, PA. But Allegheny County Police News shows no arrest or crime committed in the county for October 27, 2018.

(3) I could find no Robert G(regory) Bowers, age 46, born on Sept. 4, 1972, a resident of Baldwin, PA, using two paid people search engines...

(4) Bowers is a variation of Bauer. Bauer can be a German and Jewish (Ashkenazic) surname, which means Robert G. Bowers may be Jewish.

No injuries...

No blood,

No video of a single victim,
No interviews with congregants or rabbis present,
No photos of a single piece of real evidence,

Nothing whatsoever has been presented that proves the synagogue massacre even happened."

Everything points to a synagogue massacre that DID NOT take place

(There were ambulances)

There was a drill on the same day. There was 'an actor' in the synagogue.

Bowers

Robert Bowers lived, on his own, in an apartment in Pittsburgh.

Bowers' apartment.

Neighbors say he was a trucker, and, was quiet and unremarkable.

Neighbour Kerri Owens says: 'He said he was a truck driver and would be gone a lot and he was often away for days at a time.

'We had no idea about all the guns.'

'I didn't see any signs... He seemed so normal.'

Toulouse - Could this be fake? Aangirfan: TOULOUSE FALSE FLAG / aangirfan: TANIA HEAD / DZHOKHAR IS INNOCENT

Linda Lohr, a retired paralegal, told the Pittsburgh Post-Gazette she was shocked, saying that although Bowers was quiet, he was also the kind of neighbor who would call to let her know if she left the garage door open.

Terry Choate, a retired government contractor, told the Post-Gazette he knew Bowers for nearly the suspect's entire life. 'I can't believe he did that. '

4chan /pol/ and the Kiwi Farms site are on the case of the Pittsburgh synagogue shooting today, stopping a circumcision mutilation of a baby Jewish boy, killing multiple people apparently, with alleged shooter 'Robert Bowers' arrested

Robert Bowers had been posting on gab.ai, a twitter alternative used by many right wing people

Bowers had been denouncing Trump for being too Jewish-favouring

10 days ago, Bowers had re-posted a message from anti-Jewish US politician Patrick Little, who warned, "I expect a very large false flag attack as one of the final desperate attempts by the jewish international oligarchy to maintain power in the face of collapsing public trust in (((the media)))"

[Triple parentheses are a code for (((Jewish)))]

And so have they picked this 'Robert Bowers' to be the patsy for killing, with the irony that he himself had just tweeted about expecting a Jewish-run false flag?

--

4chan /pol/ is a site of largely right-wing, young, computer savvy people, whose users are often an unparalleled resource in drilling down to facts quickly, not easy to navigate but worth a look for documented evidence, amidst much racist sexist juvenile humour etc material

Kiwi Farms is a site about eccentric internet communities in general, with a special section devoted to mass shooting situations, and archiving material before it disappears. It quickly set up a Robert Bowers thread, pointing out, e.g., that there are two Robert Bowers in Pennsylvania, one not the shooter, but with a long criminal record

Six days ago while on GAB, Robert Bowers was threatened by a user named @Maka who told Bowers that he was going to be placed in a military tribunal at Gitmo with immediate sentencing after Bower accused @Maka of being a false flag operative. A day later Bowers asked @Maka if he was jewish. Apparently he had asked this person a few times. Now there is a person who calls themselves @Maka on twitter and they are as left wing as anyone can get. This user is also quite up to date on right wing groups and posts many photos and videos to this regard. I believe the @Maka identity on twitter is the same as the @Maka identity that was used on GAB. It seems the @Maka identity on Gab has been completely scrubbed along with any of Robert Bowers posts. I think the threat against Bowers to throw him in Gitmo may have been legitimate and that a false flag event was created to implicate Bowers. Bowers also reposted an add in the gun section of Gab back in May for selling a Walter PK handgun. This may have been his undoing because it would have allowed deep state operatives to find out where Bowers lived by acting as a buyer. There is a copy of the Gab posts from Bower floating on the web and many people are making screen copies. But I am sure those won't be on the internet for long.

You may want to corroborate with this data from a mere Occidental Goyim!

Thanks for the British eyeballs, Aangirfan; for some ODD reason my pages are censored in Saudi Arabia; makes ya say "hmmm".
(I've always pointed away from Muslims!)

As they said in the Wizard of OZ, "Follow the yellow brick road"! Yellow means Juice, [from blood sacrifice], Jews, and is a reference to the center of the egg, another symbol for the 'black' sun that also does shine from your bum if you pound on it something like a strapon or other 'hard object'! ;D)

"Stick that where the SUN does shine." As in sodomy and the sacral chi pump, which yields YIN for the ZAYin-ists.

Good morning and salutations. Don't worry about Soddom Arabia and the censorship. Soddom Arabia is a 'crypto' infested Zionist stronghold.

The Soddom Arabia security services and their royals are fake Muslims. They look every inch Muslim with their clothes and speech. Unfortunately, however, it's their actions that give them away. I'm sure The Yemenis would agree.

As for the numbuz, Michael Hutchence, RIP 22/11.

Perhaps it is time to put aside differences and spare a thought to the victims that are often over looked.

It is a sad day and one should never forget the victims in all of this. Another round of senselessness.

So let's have a minutes silence to remember there are REAL victims in all of this.

Today's victims are FREE SPEECH and GAB. To Be fair though - I've briefly heard of the first but haven't heard of GAB.

I have lifted a quote in relation to GAB. It appears that GAB no more.

"Social media platform Gab, where the Pittsburgh synagogue shooter had a page, is about to lose its hosting provider. Gab is being widely accused of enabling the shooting.

Joyent, Gab's hosting provider, sent it a warning message that because of an unspecified "breach of the Joyent Terms of Service," it will be pulling the plug on Gab on Monday morning. Earlier, PayPal cut off contact with the social network, after an avalanche of media reports pointed out that Michael Bowers, who killed 11 people in a Pittsburgh synagogue on Saturday, had a page there."

RIP to the REAL victims of this latest false flag.

Peace to the humans

Was only a very few hours after the 'largest massacre of Jews in USA history', morphed into a snowballing campaign of censorship against all those in the world who might be critical of Jewish power

It is possible that many many websites will start to be shuttered or unavailable to be found ... we need to be ready to not be able to find our old friends on the internet

And in the EU in Brussels, an Israeli lobbying 'war chest' of $72 million is apparently devoted to replicating the humiliation of Jeremy Corbyn on an EU-wide basis

The Israeli-Jewish lobby is asking that EU Parliament members sign on - before the EU election next spring - to the Jewish-demanded expanded definition of 'anti-semitism', to include that anyone supporting the BDS boycott-Israel movement, is an anti-semite

So keep quiet about all the hundreds of Palestinians killed, Palestinian children shot dead and so on ... that is not important like the 11 dead in Pittsburgh are important

https://www.palestinechronicle.com/israels-72m-war-chest-to-fight-bds-comes-to-brussels/

It is sometimes said that 'anti-semites' are not people who hate Jews, but people who some Jews have come to hate

Show me/us a proof there were real victims or shut up!**

Perhaps parody and irony are 'off key'. The victims of this latest fake shooting were 'free speech' and the website known as 'Gab' where the fake assailant had been rambling on a bit.

There were no 'actual' victims. Of course there weren't. Just another false flag which has been going on for decades.

Peace to you.

Interesting 'Gab Mossad' link there, how the founder of the right-wing-tinged Gab alternative to Twitter & Facebook, Andrew Torba, may well be Jewish too ... the article ending on a theme, that Jewish figures are often found to seek control or influence on both 'left' and 'right' platforms, or whatever 'opposition' is popular

People now say that in the important USA political arena, amongst others, Jews are somewhat shifting toward the right wing as increasingly useful today

In the USA, Latinos and blacks, now in the ascendancy in the USA Democratic party, are proving to be less submissive to Jewish agenda items -

It is common amongst both USA Latinos and blacks, to more easily talk of, e.g., 'greedy Jewish landlords', Jewish involvement in slave-trading, Jewish media executives manipulating black musicians, and a natural kinship with the Palestinian struggle

It might be fair to mention that the "Tree of Life" synagogue in question belongs to a particular branch of Judaism called Kabbalah or Jewish mysticism. Its not a mainstream Jewish faith. In fact Donald Trump writes in his book "Art of the Deal" that he was being mentored by a Kaballah Rabbi. His ex-wives were also into Kabbalah. Many celebrities are. So I believe it is fair to draw the connection that there may be a deep state operation going on here where members of this mystical faith are in on it. Free Masonry itself is enshrined in Kabballah teachings. The leader of freemasonry in America, Albert Pike wrote extensively on Kabballah and wore a tree of life symbol around his neck. The Skull and Bones fraternity that many powerful leaders in America were part of use the number 322 under its skull and bones symbol. That number is biblical. It references Genesis chapter 3 verse 22 in God's revelation that man has become like him by knowing good and evil. And God then says that if man should reach for the tree of life and partake, he will live forever. Its a pretty heavy statement. So we are talking

biblical symbolism here with this Tree of Life synagogue being used as one of the roads in the road map of a bigger plan.

^^ thumbs up to that info.

I think it should also be duly noted that GAB, which was shut down, then financially penalized for the, "shooting," was also, around a week, to two weeks ago, in twitter land, embroiled in a war w the PRO infant and child rape cartoonists and their supporters. GAB banned such drawings and maintained, firmly, that they were not protected under freedom of speech.

I cannot help but feel that that, is significant.

(I know re war, bc I interjected myself into it. Most if not all involved were PRO infant and child rape drawings, cartoons, ani. Sick, sick world we're in).

Great work as usual, aanirfan.

17 June 2015, 9 significantly older black 'victims shot in a church', as old as age 87, allegedly by 'white racist Dylann Storm Roof', in Charleston, South Carolina USA

27 October 2018, 11 greatly older Jewish 'victims shot in a synagogue', as old as age 97, allegedly by 'white racist Robert Bowers', in Pittsburgh, Pennsylvania USA

When trying to imagine the mind-set of a deranged, violently racist 'lone wolf' individual, it is hard to see how such a person would be inclined to start shooting and killing amidst mostly quiet older people engaged in religious devotions ... instead of picking targets with much less of an 'innocent harmless' profile

Killing people praying, would be more logically the target choice of a Deep State person planning a false flag

False-flag planners would also tend to despise the sincerely religious, and not mind killing them to achieve other purposes

In the interests of balance ...

Recent USA mass shootings and massacres that the media quickly buried as not worth much notice - notice how unfamiliar the names are:

Emmanuel Samson is a Sudanese migrant who murdered one woman and shot seven other worshipers in a Tennessee church service in 2017 as revenge for Dylann Roof’s mass shooting in South Carolina

James Hodgkinson was the left-wing activist and Bernie Sanders campaign volunteer who attempted to assassinate the Republican congressional baseball team in Arlington, VA in 2017.

Fredrick Scott is the serial killer who murdered five white men on Kansas City hiking trails from 2016 to 2017. He was motivated by a desire to “kill all white people.”

Gavin Long is the black separatist who murdered three police officers and wounded three others in the wake of protests of the police shooting of Alton Sterling in 2016.

Micah Johnson is another black man who murdered five Dallas police officers and wounded nine others, also in the wake of protests over the death of Alton Sterling in 2016.

The above from an article by Wayne Isaac, excerpted on Château Heartiste, 'Down the Memory Hole'

So it is entirely possible the "victims" are now winging their way to retirement in Israel ....with false documents.
The circumstances surrounding the supposed death of Robert Maxwell were,to say the least,suspicious.Particularly the autopsy.
Wouldn't this have been the perfect solution to taking the heat off Israel and Maxwell (who had connections to Jewish organised crime and Mossad)
Put it this way.....if they can con a whole country with 9/11....then a few faked deaths at a synagogue would have been a walk in the park.

George Soros and Brexit

(1)
[Arron Banks said]: "Isn't it funny that none of the financial contributions made by George Soros to British political campaigns are ever subject to any level of scrutiny by the Electoral Commission despite his being a foreign national."

"Mr Banks has been a frequent critic of US-Hungarian investor Mr Soros, who has donated to the anti-Brexit Best for Britain campaign since the 2016 vote."

(2)
"Soros reportedly gave $647,000 to Best for Britain, a group that advocates for a second referendum, but not until long after the June 2016 vote. As it was not made during a political campaign, the donation would not have been subject to the same regulations."

--

So, United States billionaire George Soros, who lacks British citizenship, is entitled to throw $647,000 at influencing the result of a foreign country's referendum, because he abided by the letter of campaign finance law... even as he flouted its spirit?

"The Electronic Intifada has obtained a complete copy of The Lobby – USA, a four-part undercover investigation by Al Jazeera into Israel's covert influence campaign in the United States.

It is today publishing the first two episodes. The Paris-based Orient XXI has published the same episodes with French subtitles.

The film was made by Al Jazeera during 2016 and was completed in October 2017."
